# PRE-CALL GUIDE

Things to review before your call.  
Ultimately the purpose of the call is to see if we can help.

Because the proper fit is so important to us, we won't even accept credit cards on the first call. After we get to know you and your business, if we believe you would be a good fit, then we will show you what we can do for you. At that point, you can decide if you'd like to become one of our successful clients.

*"We appreciate your interest in working with Instinct Education to grow your business!"*

## At this point, you're probably wondering ***"Will this work for me?"***

In order to help you make a better decision about Instinct, we have included several videos below that address common questions and concerns you may have.

Whether or not this program will work for you will be determined on your call after we ask you some deeper questions, but you will get more out of the call if you review the videos prior to speaking with us.

***We want to ensure we can help all of our clients make lasting change in their business, and do so by only working with those who we are certain we can help.***

Hey Guys! [#Evolution](#) Win!  
I'm an accountant and signed up to the Instinct program back in November.

I just had my first big win! My goal was to hit 50K in sales within 6 months and I did it in 2!! I came into this really nervous, and wasn't sure what to expect, but the process works when you just follow it 😊  
Thank you Connor for the program and Tyler for getting me started!  
Next Stop, \$100K! 🤔🤔

Hey everyone, I wanted to share my [#evolution](#) win...  
My first week of sales and I made my first sale this morning - upfront payment with zero objections!  
Huge breakthrough for myself individually, as I never looked at my abilities to help women as something of huge value. I would just put a post a picture on instagram and hope someone would want to work with me 😊🤔

Hi everyone. It's been a while since I've been active so just a bit of a catch up and background information. I joined this program back in June and got proof of concept for my FVC quite early and launched my Optimised Organic strategy. My spend has been \$600 and didn't get anyone interested to book in a call - so No Sales using this method and so I stopped running this campaign. I didn't want to move into paid Ads knowing that my 1st attempt was disappointing.

HOWEVER - in the last 6 months I have experienced x6 growth in my business - earning \$30,000 total in sales of my 12 Week Program and Commissions from my Organisation. And I know it was because I got my messaging right - and maybe the timing of the Lockdowns also had a huge impact - more people putting Health as a priority, availability to have a chat etc etc.

Have been using the organic attraction 2.0 for two weeks now and already landed 3 new clients! 🤔

I wish I'd known about this years ago - game changer!
